Evaluation criteria

- Scientific and/or technological excellence
 - Relevance to the objectives of these specific programmes
 - Potential impact through the development, dissemination and use of programme results
 - Quality and efficiency of implementation and management
- 
- A stylized, dark teal silhouette of a mountain range is positioned in the bottom right corner of the slide, partially overlapping the text of the last bullet point.

Difficulties

Emphasis on scientific description

- ❖ Difficulties in separating S/T quality criterion from impact
 - ❖ SME involvement: intellectual property
 - ❖ Training, career development: general objectives for FP7
