Belarusian Institute of System Analysis - BellSA

Overview

- * Parent organisation for FP6/7 National Information Point in Belarus**
- * The Institute was established in 1996, after transformation of the formerly Research Institute for Scientific-Technical Information of Belarus, previously part of network of the like institutes of the State Committee of Science and Technology of the Soviet Union**
- * It reports to the State Committee for Science and Technology of Belarus**
- * Its mission is to:**
 - facilitate development of state policies in science and research**
 - provide with exchange and dissemination of S&T information in the interests of scientific and S&T policy-making communities**

Belarusian Institute of System Analysis:

Activities

- Collection and dissemination of S&T information from and for national R&D organisations**
- Maintenance of the state register of national R&D projects**
- Information support of national S&T policy-making bodies**
- Monitoring and analysis of R&D activity in Belarus**
- Promotion of national R&D results outside Belarus (international exhibitions, conferences, publications)**

Belarusian Institute of System Analysis: Hosting FP6/7 Belarus National Information Point: Key Tasks

- Disseminate information about FP7 within scientific and research community of Belarus**
- Provide advices and consultations to Belarusian R&D organisations and scientists in all scientific fields on FP6/7 and INTAS**
- Provide assistance in partner search for Belarusian and European R&D institutions and other organisations for FP7 project proposals in all scientific fields & FP7 priorities**

7FP NCPs in Belarus

In 2007 10 7FP NCPs had been nominated in Belarus. 4 of them are located in BellSA: National NCPs coordinator, ICT NCP, INCO NCP, Mobility NCP.

BellSA participates in 5 current FP6 projects and in 1 FP7.
INCONet-EECA.

There were submitted several proposals with the BellSA participation under the latest FP7 Calls.

Overview of Belarus FP7 NIP activities in 2007

- 14 seminars and information days on FP7 for researchers of 21 R&D organisations in Minsk city and 4 regional centers, overall number of participants – about 800 persons
- 3 big international conferences for potential FP7 participants in Belarus, number of participants – about 400 persons
- Assistance provided for selection and participation of Belarusian scientists in brokerage events
- Dissemination of information on FP7 calls & activities, partner search requests, news alerts etc – 80 news bulletins via e-mail to about 800 individual and corporate subscribers in Belarus
- Over 300 consultancies for Belarusian researchers and scientists on FP7
- Assisted in preparation of several project proposal in FP7 calls,
- There were prepared 14 newsletters on FP7 activities for local mass-media, including 6 articles
